

DOMINION

Companion Guide

Welcome

Welcome to Dominion — a story that dares to challenge the boundaries of control, identity, and resistance in a future not too far removed from our own.

In this world, women lead everything from policy to power, from cloning labs to currency. Society has been rebuilt after chemical warfare and biological collapse, but at what cost? Behind Dominion's polished exterior lies a brutal caste system where men are tested, tagged, and divided. Freedom is rationed. Love is regulated. And truth? It's buried under layers of engineered silence.

Our guide through this world is Dani, a sharp-witted reporter born into privilege, yet driven by conviction. When she reconnects with Robbie, a Breeder from her past, she's forced to decide: stay silent inside the system that raised her... or risk everything to expose the truth. As you read, you'll witness moments of rebellion, complicated loyalty, and the unrelenting hunger to belong. This dystopian journey is a story about asking better questions, unlearning the comfortable lie, and choosing courage in the face of carefully curated control.

We invite you to read, reflect, and wrestle. Ask what you would do in Dani's place. Question what Dominion would call you. And most of all, challenge what parts of our own world echo inside these pages.

Glossary

8 Cabinets:

The political order led by Dominion upholding egalitarianism, social equality, protecting the environment, and strengthening the sociopolitical safety of every human being through the eight cabinets: Law, Science, Commerce, Transportation, Religion, Military, Art, and Politics.

Acculturation:

One-year period following a Breeder release, which allows for lifestyle adjustment to life outside of the Colony.

Allura Yakubu:

Dominion's first president.

Alzaiec wine:

Full-bodied red wine that is made from hybrid grapes.

Aqua Screen:

A three-dimensional TV experience that displays visual content with no structural boundaries.

Arbilation:

Full-body scan used to detect physiological abnormalities, including aneurysms.

Ascendant:

The person who is part of the collective known as "the elevator" and is designated next in line to assume responsibility for the safe travel of the escapee.

Ascension:

The anniversary of September 23, the national celebration of Dominion's nationhood. It commemorates the day women achieved absolute power. 2050 is the twentieth anniversary of the birth of Dominion and honored by the Ascension ceremony.

Aschelm tea:

An infusion of dried flowers and aschelm, worms. It is therapeutic for promoting relaxation and calm.

AV:

Self-driving car, also known as an autonomous or automated vehicle (AV).

BioGenome:

to produce high quality (chromosome level) genome assemblies for all eukaryotic life on the planet

Body-glam dial:

A miniature compressive device embedded in wearable shapewear designed to shape and support the torso. Simply press and release the device to attain the desired silhouette.

Breeder:

Singletary classification (S5) designates fertile males assigned to live and work in national communities known as The Colonies. Their primary function is to support the genetic targeting and propagation of Dominion offspring.

Carousel:

The official Dominion matchmaking app.

Climens:

Clear, thin 24-inch rope that serves as handcuffs. Binding is simple and provides the restraint strength of steel handcuffs.

The Colony:

Lifestyle community for Breeders.

Couche:

The French word to describe furniture used for lying down.

Coventry:

The interview room at The Transformation where Dani interviews Tobias.

Defiance:

The capital of Dominion.

Descendant:

The person who is part of the collective known as “the elevator” and shelters the passenger prior to the next destination.

Desperados:

Militant dissenters

Digi Pens:

Next-generation stylus.

Dissenter:

Anyone engaged in activities to overthrow Dominion.

Dominion:

Established in 2030 and led by a female president and eight cabinet leaders governing 26 unified republics, previously known as the United States.

Dominion Anthem:

The Pledge of Allegiance was written in August 2030 by the Dominion Minister Delenya Paul (1978-2045).

Dominion Flag:

Butterfly with twenty-six quadrants.

Doyennes (a.k.a. the Collective):

A body of female administrators who unified the country following the Great War.

Drogan:

Modern-day term for “prisoner” but exclusively references a male legally held in prison from crimes unrelated to political dissention.

Echelon microbeads:

A small device that fits in the ear to amplify sound.

Effigent (Vanguard) Award:

Recognition given annually to those who have “done the most or the best work for the creation and sustenance of Dominion national order.”

Great War:

It involved several of the world’s superpowers, forming two opposing military alliances. It ended with a bilateral surrender following the release of chemical warfare and its effects had global impact. Most males became cognitively impaired and infertile. As a result, new governments were formed with its leadership firmly in the hands of women across the world.

Harken:

Seal of the Harken, the Dominion’s federal symbol of incarceration.

Illegis Headstone:

The nerve center of the Illegis testing platform.

Illegis Test:

A form of IQ fencing, determines the appropriate Singletary group to which each male is assigned. Once assigned, a male will be given priority status to obtain jobs in that group. A male can change his assigned Singletary group by passing additional test hurdles for IQ reassignment.

Infinity:

A drug that delivers a “functional high” that produces enhanced cognitive acuity and elevates feelings of euphoria and self-confidence. This “functional high” lasts several days, then ends with depressive episodes (highly addictive and corrodes mental function over time).

IQ Fencing:

An assessment that measures a range of cognitive abilities and provides a score that is intended to serve as a measure of a male’s intellectual abilities and potential in Dominion society as denoted by the Singletary classification.

Israe:

Man-made infectious disease caused by a synthetic parasite.

Keelan:

The location of the Transformation Center where all twelve year-old males, newly assigned to the Breeder class, are sent for training before moving to the Colony.

Licon:

Pods, the modern-day term for cell phones, are made of this lightweight, biodegradable metal.

Malism:

The belief that the world is evil has evolved to include powerful discrimination against men.

Myrimidons:

Militant dissenters.

Osmanthus tea:

Made from the fragrant flowers of the Osmanthus tree. It is therapeutic for promoting relaxation and calm.

Photo plank:

A tablet containing three-dimensional photos.

Pleasure seeker activities (PSA):

Coupling services provided by males in the S6 Singletary classification.

Release tribute (a.k.a. the Reckoning):

A ritual ceremony held at the annual Dominion Ascension Gala honoring the dedication and contributions of the Breeders who have reached their thirtieth birthdays and chosen to end their assignment as Breeders and live outside of the Colony.

Sandicists:

Modern-day purists who live simply and peacefully outside of Dominion’s social, political, and economic strata.

Singletary Classifications:

Males are defined within a caste system made up of six core.

Singletary groups:

- **S1:** Benignants (white bands) social workers/religious leaders/teachers/childcare professionals
- **S2:** Assiduities (purple bands) artists/athletes (e.g., dancers, writers, singers, performers, athletes)
- **S3:** Formalists (brown bands) service works (e.g., nail techs, clerks, hair stylists, fitness, admin)
- **S4:** Expeditors (green bands) public works (e.g., construction, public, transportation)
- **S5:** Breeders (black bands) lives and works in breeding colonies)
- **S6:** Seducers (red bands) also known as pleasure givers.
